

School Trustees Discuss Larger School Districts

BENTLEY.—About 30 school trustees and electors attended the meeting held at Bentley on Monday to discuss the Large School Unit. A resume of the new curriculum, and an explanation of the operation of the large unit were given by L. A. Thurber, school inspector. Many questions were asked and much discussion entered into after Mr. Thurber's talk. Much information was obtained and considerable opposition was shown to the enforcement of the scheme throughout the Province until it had been tried out for a longer period in the existing units. No vote was taken.

Although no definite information could be given by the speaker, it appears highly probable that this locality will be converted into a large school division this fall, in view of the statement of the Minister of Education (as reported in the daily press) that it was his intention to convert the remainder of the school districts in the province into large units this year.

Meeting at Blackfalds. Between 50 and 60 trustees and others attended the meeting in Blackfalds on Tuesday to discuss the larger school unit question.

L. A. Thurber, school inspector, gave a thorough explanation of the new set-up and was submitted to a barrage of questions, largely dealing with the financing of the large unit and its relationship to the municipal districts who collect the taxes for it. Probably more opposition was shown than at the Bentley meeting, although many were prepared to admit that some good points were to be seen.

Opposition is quite obviously due to the fact that no provision was made in the act for the taking of a vote in the various districts rather than to the actual plan itself.

Bentley Cemetery Association Holds Memorial Services

(From Our Own Correspondent)

BENTLEY.—The Bentley Cemetery Association held their first Memorial Day service at the cemetery on Sunday, July 31. A loud speaker was installed for the occasion, adding greatly to the success of the services. Speakers were: F. W. Thorp, chairman of the cemetery board; Mayor R. B. Garries and Fred Hunter, president of the Board of Trade. A duet was rendered by Mesdames Herriott and Wright, also songs by the male sextette, Mrs. H. Peterson and a reading by Mrs. Percy Gilbert.

Rev. McLennan led in prayer and Rev. Fawcett gave a very impressive sermon. Miss Wright acted as organist and a large choir led the singing of hymns.

RETURN FROM CAMP. Miss Gertrude Underwood returned Sunday night from the Young Peoples' Camp at Kasota Beach, Sylvan Lake. Eighty-four in all attended.

60 Boys Attend Grain Clubs Field Day Here

Sixty boys attended the Field Day of the Junior Grain Clubs, held at the Lacombe Experimental Station on Friday, July 29. F. H. Newcombe, District Agriculturist from Red Deer, was in charge of the program, and the boys came from Leslieville, Alia, Red Deer and Rimbey. F. H. Reed, Superintendent of the Farm, welcomed the boys, and said that although Lacombe had experienced one of the driest seasons in 31 years, there was still much to be seen, and in view of the lack of moisture the experiments with crop plots would be of even greater value. Winter advantages were enjoyed by rural youth today, said Mr. Reed, than had been open to their fathers, and he expressed his belief that no better opportunities are open to young men today than are offered on a good farm in Central Alberta.

Speaks of Horse Disease. Mr. Reed also mentioned the disease, encephalitis, which has been, to a certain extent, attacking the horses in the Province. He described the three stages of

This Week's Thought

The man who confers a kindness should be silent concerning it; he who receives it should proclaim it.

Larger School Unit Plan Explained at Social Credit Meeting Monday

Fire Destroys Home Of R. H. Haskins

(From Our Own Correspondent)

CLIVE.—A bucket brigade quickly formed in Clive failed to save the home of R. H. Haskins, four miles north of town from complete loss by fire Friday night. The fire was believed to have been caused by sparks from the chimney. Fifteen or twenty Clive residents complete with fire extinguishers and buckets worked in an endeavor to check the flames, but the fire had too big a start.

Most of the contents were saved through the efforts of the family and neighbors who rushed to the scene. The building was partly covered by insurance. Mr. Haskins and family are at present occupying the tenement of the Westling school prior to re-building.

Lightning Disrupts Power Service, Causes Fire at Bentley

(From Our Own Correspondent)

BENTLEY.—A severe electrical storm swept through the Blindman Valley District on Saturday evening, disrupting the power lines and leaving the town of Bentley in darkness for several hours. The large barn on the farm of Mrs. G. E. Garries, now occupied by Mr. J. Bolten was burned to the ground when it was struck by lightning. There was no livestock in the building at the time, but a cow standing near by was instantly killed.

A large quantity of hay, which was lying in the loft was destroyed, but a large stack near the building was saved, when neighbors turned out to put down the flames. Mr. and Mrs. Bolten were in Calgary at the time of the fire.

Lightning also struck the home owned by A. G. Trimble, smashing two windows and damaging the walls. No fire occurred.

Flames at Home Of A. C. Bruns Quickly Squelched

Quick work by neighbors and relatives saved the home of A. C. Bruns, six miles north-west of town from being burned down on Monday, when a fire started from the exhaust of the DeLoe lighting plant. Savant had piled up in front of the exhaust, finally catching fire. Mrs. Bruns was alone in the house at the time, but telephone calls to neighbors and nearby relatives soon brought a force of fire fighters. Little damage was done by the fire itself, although smoke damage will be comparatively high.

the disease and simple courses of treatment. Serum, he said, is being shipped to Calgary from New York laboratories. Great interest was taken by his audience and many questions were asked.

E. H. Buckingham, Field Crops Commissioner, Edmonton, gave detailed instructions to the boys concerning the care of their seed plots, the necessity of following regulations, of roguing, and of learning to distinguish the different varieties of seed, in order to keep their seed clean and a pure seed strain. Various organizations were giving support to the Junior Grain Clubs, L. E. the Alberta Wheat Pool assisted the Wheat clubs, the United Grain Growers gave support to the Oat clubs and the Canada Maltng Co. some assistance to

(Continued On Page Five)

The larger school areas proved to be an interesting subject and invoked considerable discussion, when Social Credit Group No. 1 held its regular monthly meeting on Monday evening in the Town Hall. Norman Jaques, M.P., was the main speaker of the evening, dealing at length with C.C.F. policies. Mr. Jaques expressed himself as believing that the matter of the larger school areas should be placed before the people for decision. Some of the audience thought that this had been done, however, the issue would only be made a political football, and believed that these tactics were already being employed by the C.C.F.

Twenty of the larger areas are in operation, it was stated, and figures were quoted showing the decrease in costs of operation of the new system as against that of the present one. In the audience was a visitor from one of the larger units who claimed that in his district the system is operating successfully; that inspection and supervision has been given the first review in the last six months; that teachers are able to do better work and are free from quarrels which divide the district as to the teacher's capabilities. He believed that Premier Aberhart would have the thanks of the people of the future for putting into operation this educational measure, and thought it is a fact that fewer men in the legislature could do the work of the province just as well surely fewer trustees and a larger unit would work equally well in the educational world.

No Charges of Graft

"Even the worst enemies of this government have never levelled charges of graft," said Mr. Jaques, as he reviewed conditions in the province under previous governments. "People used to discuss the graft in the government, now they are discussing economics. Never, he said, has any government been subjected to the criticism that this one has, and this is accounted for by the fact that this government has challenged the rule of Finance."

People have learned something from this government, said Mr. Jaques, as seen by the number of telegrams going forward asking the price of wheat and the price of grain. Although it had been passed by the Federal Government last year authorizing a wheat board, it did not function owing to an Order in Council that wheat would not be purchased until it dropped to 87½ cents.

This year the government has asked the Social Credit and other members. Referring to the action of the banks in withdrawing from Alberta, Mr. Jaques said members of the Bennett Government had said that for eight banks removing from Alberta, eleven had gone from Saskatchewan. In Alberta the government is blamed who is to blame in Saskatchewan? Previous to 1935 C.C.F. members from Alberta claimed that the money was being taken from the province by the influence that Major Douglas first introduced the subject of

(Continued On Back Page)

Lions to Clean Up Playground

Discussion regarding the cleaning up of the children's playground behind the Town Hall took considerable time at a regular meeting of the Lion's Club of Lacombe held in the Empress Hotel Tuesday night. Members of the service club plan on turning out in a body to clean up around the grounds within the next week.

Plans for staging a minstrel show sometime this fall were tentatively made. The committee discussed ways and means of raising funds for service. A special committee was appointed to look into arrangements for the show.

GROWS A GOOD CROP OF PEAS

Many of the gardens in the town and district are looking their best just now, and good vegetable yields are starting the annual "over the fence" vying with each other among the gardeners. Frank Mast last Tuesday brought to the Globe office, a fine specimen of his crop of peas. The sample measured 5½ inches long, and Frank states he has a whole row, just like them. The seed planted is known as the "telephone" variety.

Officers of the Alberta Hatching Egg Producers' Association were unanimously elected at the annual meeting of that organization held in the Central Alberta Pavilion on Tuesday, August 2. They are: president, Douglas Thornhill, Red Deer; vice-president, K. Kapler, Strome; secretary-treasurer, H. Murgatroyd, Innisfail; director, R. A. Bell, Swatwell; Mrs. F. R. Stewart, Calgary; J. H. Rhodes, Brant; Fred Higginson, Millet. The financial report showed the business of the year well conducted with a nice surplus on hand. Poultry Commissioner, C. W. Traves of Edmonton, was present in an advisory capacity and other Department officials were H. E. McDaniel, W. Roach, W. Hutchinson, and Mr. McKim, the federal poultry man.

Several resolutions resulted from the presentation and discussion of the difficulties and problems facing the members. As a result of numerous letters of complaint concerning the breaking of contracts by the hatcheries the first resolution asked that Commercial Hatcheries be bonded—except Breeder Hatcheries—the amount of the bond to be left to the discretion of the Minister of Agriculture. Concerning Custom Hatcheries a resolution was passed that a recommendation be sent to the Department that no permits be issued for Custom Hatcheries next year. It was felt that such a measure would force these hatcheries to buy their eggs from blood tested flocks and nullify the danger of their shipping out chicks from untested flocks.

Mr. Traves went into some detail regarding methods of blood testing, and stated it is the intention of the Department, if possible, to institute spring and fall tests, beginning next year. A resolution to the Department recommended that all poultry men desiring to have their flocks

(Continued On Page Four)

Bride Elect Feted at Shower

Twenty guests gathered at the home of Mrs. E. E. Newman on Thursday evening, July 28, in honor of Miss Verna Taylor, whose wedding is to take place on August 13. The bride-elect was her with a delightful kitchen shower. Guests were asked to fashion a bride's costume from tissue paper and also to make up a "Life" book from baby days to golden wedding days, which were given to Miss Taylor as a memento of the occasion. Small Jean Roberts presented the gifts and Miss Taylor warmly thanked the friends for their kindness. Assisting Mrs. Newman were Mrs. B. Gustafson and Miss Gertrude Teare.

Honoring Miss Verna Taylor a kitchen shower was held at the home of Mrs. J. Hueppel on Friday evening, July 29th, which was attended by nearly thirty guests. As Miss Taylor entered the room, Kathleen Fackler played "Here Comes the Bride." Guests were entertained with contests and games and the gifts presented to Miss Taylor by the small daughters of Mr. and Mrs. Chester Miller, Kathleen and Eileen, who carried them in a "pot of gold."

UNITED CHURCH OPEN AIR SERVICES PROVE POPULAR. The open air services of St. Andrew's United Church held on Sunday evenings at Gull Lake were well attended and much appreciated according to numerous comments that have been made. The Spruceville band in attendance each evening contributed largely to the success of these services.

During August only a morning service and Sunday School will be held in St. Andrew's United Church at Lacombe.

TOMATO PLANTS BEAR RIPE FRUIT, JULY 9

Tomatoes, grown in the field from special seed, as yet unnamed have been bearing ripe fruit since July 9 at the Experimental station here. The seed was raised at the Lacombe station, and an earlier variety than the one yet discovered was the result.

L.O.O.F. PICNIC

Lacombe Rebekah and Oddfellows Lodges are holding their annual picnic at Brown's Beach next Wednesday, Aug. 10. There will be a basket lunch and sports. The Spruceville Band will be in attendance. Be there.

Betty Craigen, 10 year old Lacombe School Girl Drowned at Gull Lake

Tragedy struck at the home of Mr. and Mrs. J. L. Craigen on Saturday afternoon, when their youngest daughter, Betty, aged ten years, was drowned at Aspen Beach, Gull Lake. Betty, in company with Barbara Hay, a playmate with whom she was visiting at the lake, was playing on a raft in shallow water. An off shore breeze gradually drifted the raft to deeper water, where it is believed the raft tilted, letting both children slip into the water. Betty was over their heads. Barbara, who could swim slightly, caught the raft and looked around for her companion. Not seeing her, she managed to reach shore where her cries for help soon resulted in a band of rescuers sweeping through the water.

For half an hour the rescuers waited through the water, until finally Ernie Fernie, a resident of Aspen Beach came upon the body of the small girl. Artificial respiration was started, and after about two hours of resuscitation methods failed to revive the girl. Drs. F. J. Stewart of Lacombe, and S. Archibald, of Edmonton, assisted by Ruth Lett and Bob Archibald, both of Edmonton, worked over the body.

First Fatality This Year

The accident occurred slightly before one o'clock, when most of the children were on the shore. This is the first drowning accident at Gull Lake this year.

Betty had reached her tenth year on December 29, 1937, and was the youngest of a family of seven. She was a pupil at the local public school, and was well known through the Lacombe District Junior League.

The funeral services were held Tuesday afternoon in St. Andrew's United Church, with the building crowded to capacity. A large number of friends gathered to pay their last tribute to the deceased. Members of the Alexander Chapter of the Eastern Star, of which Order the parents of the child are members, were present in a body.

Rev. A. L. Carr used as a text for the service, "For the little children to come unto Me, for of such is the kingdom of heaven." The Junior Choir, with Mrs. M. L. Waters as accompanist, sang "Beautiful Isle of Somewhere" and a duet, "Precious Jewels," was sung by Mr. and Mrs. N. N. Woody.

Rev. R. B. Layton, former pastor of St. Andrew's United Church assisted with the services. Pall bearers were five cousins of the deceased: Donald Patrick, Harold Patrick, Harold Patrick, all of Stettler; Harold Patrick of Alia; Herbert Craigen, Lacombe; and Douglas Carr, a friend of the family.

The youngest of a family of seven, Betty is mourned by her parents, Mr. and Mrs. J. L. Craigen, four sisters, Mrs. C. Fairbank, Calgary; Mrs. J. Kneisser, Kamloops; and Lorna of Lacombe, and two brothers, Gordon of Brabourne, B.C., and Bert of Edmonton.

BARLEY AND OATS CUT AT EXPERIMENTAL STATION

Early varieties of spring barley and oats have been already cut on Lacombe Experimental farm plots, according to information received from G. E. DuLoe, assistant superintendent. The crops while not exceptional, are of good average yield. They were cut on July 30.

Police Court

Arthur, Oscar and Gilman Olson were given a six month suspended sentence and ordered to pay the costs of the court when they pleaded guilty to a charge of assault on C. Goddard, Junior. The case, which originally was to be heard Tuesday, was held on Monday in the local police court.

J. McDougall was fined five dollars and costs when he appeared before Magistrate E. H. Jones Thursday on a charge of disturbing the peace.

OLD TIMERS TO MEET HERE AUGUST 9

A large attendance is expected at the Old Timers' Annual get-together to be held at the Experimental Station August 9. Wives of the old timers are also eligible for membership in the Association as well as the old timers themselves are urged to attend to attend the event.

No Horse Disease Victims Recorded In This District

"Talk Turkey" at Field Day Friday

Lengthy and detailed discussion regarding problems confronting their organization, and proposed remedial measures, took up the full time of the first summer meeting of the Alberta Bronze Turkey Breeders' Association, held at the Lacombe Experimental Station on Friday, July 29. A good representation was present and as a questionaire bearing on unsatisfactory conditions had previously been sent members, they came prepared to "talk turkey," and make definite decisions regarding their future policies.

C. W. Traves, Poultry Commissioner, Edmonton, spoke on the many phases of the poultry situation from the viewpoint of his department. Also present were R. S. Johnson, secretary-treasurer; W. Roach, poultry field man; and H. E. McDaniel, manager of the poultry plant at Oliver. Mrs. J. Baird, vice-president, Innisfail, presided, and F. J. Higginson of Millet was secretary.

Suggest Lowering Weight

It was felt advisable to lower the weight of the birds slightly to meet export requirements and sale of large and coarse birds. The present banding system is thought to be satisfactory and the members agreed that the sale of unbanded birds should be prohibited.

A change in the schedule of prices was made and follows:

"A" Birds—Toms \$12.00; Hens \$9.00.

"B" Birds—Toms \$8.00; Hens \$6.00.

"C" Birds—Toms \$6.00; Hens \$4.00.

\$1.00 extra charge to be made for crates if the seller desires.

Over 90 per cent of Alberta raised turkeys are shipped out of the Province, and Mr. Traves believed there would be a good market in Quebec for turkeys.

Tailfeathers and other objects, intended as a protection against thieving, which has increased greatly during recent years. To facilitate the work of the secretary, the members were asked to send him each week a card listing the number and grade of birds they have for sale.

Bicycle Racers Bunched as They Passed Thru Town

Leaders in the 100 mile bicycle race from Red Deer to Edmonton were bunched as they passed thru Lacombe Monday, no more than twenty-five yards separating any contestants. In a neck and neck race, George Christmas of Lacombe, was followed by Lawrence Ltd. and Alex Allan won the second prize donated from Park's garage. The racers started from Red Deer at 10:33 a.m., and passed through town at 11:15.

Hail Damage North-west Of Town up to 30 per cent

Hail swept a narrow swath north-west of Lacombe Sunday night leveling crops and causing losses of from 15 to 30 per cent. Hail lay in shovels fulls along the roads and fields following the storm which struck heaviest on the farms of Byron and Fred Butcher. Angus Johnson and Frank Rowland about six miles north-west of here. A field of fodder corn, planted by Fred Butcher, was badly stripped. Mr. Butcher suffered a hail loss of around 30 per cent. Angus Johnson, across the road, received damage amounting to over 20 per cent. Chet Carrier and Russ McDonald of the Morris side district received the full end of the storm with losses running up to fifteen per cent. Other farmers in the trail of the storm also received losses.

Miss C. Davies Honored at Shower

Honoring Miss Carrie Davies eldest daughter of Mr. and Mrs. A. Davies, whose marriage to Mr. Lee Pillman, only son of Mr. and Mrs. S. Pillman, is to take place the first week in August, Mrs. E. Martin and Miss Margaret Berry were joint hostesses at a miscellaneous shower held at the home of Mrs. James Robb on Wednesday evening, July 28. In addition to flowers a unique table decoration consisted of a miniature bride and groom made of a rolling pin and fly swatter. The evening was entertained with amusing contests. Little Jumble Robb drawing a small wagon laden with gifts made the presentation to Miss Davies.

Crops, on the whole, are faring well in the district with wheat already being cut in some sections. At Ermine in the Morning side district started cutting wheat Wednesday morning, and farmers in the Clive district have started to cut. South of Lacombe, in the Joffre and Blackfalds districts, cutting should be general within ten days, according to information received from farmers in those districts. Late sown crops have suffered badly from lack of moisture, and the wheat is falling slowly for the same reason. One half inch of rain is reported from Blackfalds, since July 29, with late sown crops needing still more rain.

THE LACOMBE GLOBE

A strictly independent weekly newspaper, published every Thursday in the Globe Building, Nanton St., Lacombe, Alberta.

Harry J. Ford - Publisher

SUBSCRIPTION RATES

Three Months in Canada.....	\$.50
Six Months in Canada.....	1.00
One Year in Canada.....	2.00
One Year in United States.....	2.50

The Lacombe Globe stands for:

1. The advancement of Lacombe and district in agricultural, industrial and community life.
2. True democratic government in Alberta.
3. Reduction of taxes and the public debt through the medium of sane, sane reform.
4. The abolition of direct relief through the promotion of public works.
5. Better roads for Alberta.

THURSDAY, AUGUST 4, 1938

A Pioneer who will be Missed

In the passing of the lamented "Andy" Gilmour last week, Lacombe and district lost one of its noted and esteemed old timers and pioneers. Loyal to the core to his home community, he did much to make this district one of the finest in Western Canada for mixed farming, and his freely given sound and timely advice will be recalled by many. A close student of agriculture, his name will go down in the history of Alberta as one of the leading agriculturists of the past decade.

He spent forty-one years in this community, which is quite a span in any individual's life. He was a large livestock dealer, and in recent years specialized in seed growing. A keen business man, his word was his bond, and his unassuming character made him a host of friends. Some years ago he was a keen curler and skipped many rinks in town. Like his father, who was a member of the Dominion Government for some years, he was a Conservative in politics and represented the Lacombe Constituency in the Alberta Legislature from 1917 to 1921, where his sound judgement on agricultural problems stood him in good stead. He was also a valuable member of the Town Council for many years.

His passing is a distinct loss to the town and community where he was so familiarly known.

An Old Time Get-Together

ON Tuesday, August 9, the Lacombe Old Timers' Association will hold their annual basket picnic and dance at the Dominion Experimental Station here. Old timers and pioneers from all districts adjacent to Lacombe will turn out en masse to swap yards of days gone by and re-haul events of the past. Pictures, written up in information on the early days in this district will be available for those attending. Only citizens who lived in this country while Alberta was yet a slice of the North West Territories are eligible to join the local Old Timers' Association, some members of which are among the oldest residents of the province.

These annual get-togethers are for the enjoyment of old timers, and the association urgently requests all those who can possibly attend, to make the effort. A good program has been lined up, and a pleasant day may be confidently expected.

In the Trail of the Juggernaut

DURING the year 1937, 1,026 residents in Canada were killed in automobile accidents, as compared with 1,316 in the previous year. Traffic accidents each year are resulting in more deaths, and the toll is steadily increasing in spite of the safety devices on the modern cars of today. The majority of these accidents are the direct result of the carelessness of some person in control of an automobile. Failure to abide by traffic regulations which are set by the police for the protection of the people are generally the reasons for the fatalities.

Alberta's toll in 1937 showed a decrease of 17 from the year 1936, and this province has the second lowest per capita toll of any province in Canada. That is something, but the fact that 55 Alberta residents died last year in automobile accidents, 95 per cent of which could have been avoided is certainly no just boast for citizens of this province. These deaths which occur annually can and should be avoided, and they can be avoided only by a strict observation of traffic regulations and courtesy on the road.

Where's the Air Mail?

(From the Regina Star)

AN explanation is in order about the trans-Canada air mail. The promises falling from the lips of Transport Minister Howe and some of his subordinates have been thick and fast. The last one was that the western service would be going by August 1. Almost any day last year it was expected the service would be underway. Lots of money was being spent and plenty of time devoted to arrangements for schedules and all the other paper projects required for an airline. Flying experts were hired from the United States and the best type of aircraft ordered in California. Canada was on the verge of great things. Twelve months have passed and Canada is still without any air mail on the trans-Canada run. It is not even in operation in the West between Winnipeg and Vancouver.

WHAT HE STOOD FOR

Hostess: "Oh, I'm so glad to see you here, General."

General: "Thank you."

Hostess: "But, General, I hope you won't take it personally if I say that I'm opposed to war."

Through the Eyes of a Country Woman

By BRIDGET

The whole world thrilled when they read of young Corrigan's daring flight across the Atlantic in a nine year old plane. It was with rather a feeling of anticlimax that I read in an American weekly paper an article over Corrigan's signature stating, in the words of a 1914 song, "I didn't mean to do it!" It sounds rather like Bob Ripley "Believe it or not" story. To the lay mind it seems extraordinary that an experienced flier could fly 26 hours in the wrong direction before he realized it. However, apparently it is his story, and I suppose he will stick to it; personally I think he is rather stuck with it. Perhaps he was afraid he might be arrested on arrival, lacking permission or passport. His flight certainly captured the public imagination, to the exclusion of realization that, in the same week, a page in flying history had been written by the British Air Force. I refer to the one-day Transatlantic flight (and return journey) of the Mercury, better known, perhaps, as the "pick-a-back" plane.

The two flights are connected irrevocably in my mind by a visit to the picture show! There, last week, I saw pictures of Corrigan's arrival in Dublin, and incidentally, pictures of our King and Queen in Paris, brought here by the Mercury. Thus, for the first time in history, American film audiences were seeing the same news-reel as British and European film audiences. Rather breath-taking isn't it? Quite a milestone on the road of progress.

There is an interesting point in connection with these two flights. Corrigan has achieved notoriety, and fame and fortune will be his ad lib. and forever. But what of the pilot of the Mercury? And, incidentally, we must remember that this plane made the return flight. How many of my readers know the name of the pilot, or the number of the crew? Very British, the whole proceeding, carried out as a mere routine matter; no flag-waving, no backslapping.

The advance in flying reads like a fairy tale; and presents a wonderful opportunity for our young men; and, don't overlook it, young women, too. I am referring to commercial flying, and all that it will entail; the building of planes; expert mechanics, and radio operators, air stewards, etc., and other countless jobs that will go a-begging. Some wide-awake and farseeing youths are training for these future openings, but unemployed youths should look into this matter, it will be surely worth their while.

It is only 32 years that flying has been an accomplished fact, and only 19 years since the North Atlantic was first flown by two Brits, (long since forgotten) Alick and Brown. They did not receive the acclaim that Lindbergh did, because they just did their job as R.A.F. officers. Nineteen years ago, and now planes are leaving London and Sydney three times a week, carrying letters 13,000 miles for three cents. Shortly, due to the Mercury, and the ships, the North Atlantic will be spanned by a regular, fast mail service. To bring it home, a letter posted after business hours in London will be received in New York next day.

To impatient youth, nineteen years seems a long time to conquer the 2000 odd miles that divide America from England, but it must be remembered that where a lone flyer like Lindbergh, Earhart, or Corrigan can wait for favorable weather, and then make a dash for it, a regular mail and passenger service has to have a regular schedule.

Individual non-stop records passed the 5000 mile mark in 1929, but a new record for mass flying was set up by 23 R.A.F. flyers on July 9 when they flew 4,300 in 32 hours. To get an idea of the speed it took them 66 minutes to fly from London to Paris.

Young Canadians should be glad that the Canadian Government has at last agreed to set up flying schools to train young Canadians as pilots. It should be an inspiration to the many fine young men in this Dominion who feel that they are not wanted, that there are no "jobs" for them. If they do not wish to actually fly, they can take up any one of the many careers which will run concurrently with the growth of flying activities, and be pioneers in a branch effort that will be to-morrow's leading trade, industry, and means of travelling and transportation.

What They Are Saying

"To tax and to please is no more given to man than to love and be wise."—Sir John Simon.

"Owners of motor-cars are the most selfish individuals who ever walked."—Mr. Justice Bennett.

"Population as a liability rather than as an asset, is a new phase of community opinion."—W. J. Cameron.

"The Minister of Finance can dress up gloomy situations better than anyone I know."—John Blackmore, M.P.

"I guess swing has about swung itself out. It isn't a kind of music; it's the way that music is played."—Irving Berlin.

"New educational movements and reform programs make the world safe for the publishers."—Professor Harold A. Innis.

Alvan Macauley, president of the Packard Motor Company, has said: "... What a conundrum today, with the automobile perfected. Women have taken the wheel away from the man, so to speak." That "so to speak" part is especially true.

"Everybody is riding in the cart. No one is pushing it. That is why we have business stagnation in America today."—Roger W. Babson.

"There are among us all the materials and forces of an unprecedented prosperity."—Hugh S. Johnson.

Letters to the Editor

Letters must be bona fide and must carry the writer's name, not necessarily for publication, but as evidence of good faith. We reserve the right to reject letters of a libellous nature. Opinions of our readers are invited.

A TRIBUTE

Editor, Lacombe Globe.

One of the most enjoyable days I ever spent was one just two weeks ago when the late Andrew Gilmour picked me up at the experimental station and took me to his home for lunch and then for a drive about the district. I wonder if I that day in any way let him know of the high esteem in which I held him. True he, as a pioneer, enjoyed many advantages but he used his talents for forty years to the immense benefit of the town and district he loved so well. Through good times and bad times he kept his balance. So long as Lacombe district continues to lead in agriculture he will be gratefully remembered, like his father in Ontario, as a first class farmer, business man and gentleman.

M. J. Manning, Delburne

No Political Significance in Sabotage, is Thought

C.C.F. Convention Said to be Most Successful in History; New Platform Devised.

By T. B. WINDROSS

EDMONTON.—Although believed in all official quarters to be without political significance, one of the most interesting and important developments of the past month at the capital was the sabotage of the provincial government power plant behind the legislative buildings last week. From the distance of Port Alberni, B.C., where he heard about it, Minister of Public Works, W. A. Fallow, said that the saboteur who poured acid into all the generating units in the plant and who attacked them with a sledge must have been "a lunatic or a fanatic," but even Mr. Fallow did not blame political opponents of the government.

In similar attacks on public works department property on other nights, some large windows in the main legislative building were smashed and one invader was frightened away as he seemed about to wreck road-building machinery after breaking into a government garage. So the government has installed a searchlight on the roof of the main building and its beam sweeps the grounds right down to the river bank.

In what is described as its most successful gathering since the party was organized, the C.C.F. held its national convention here during the week, delegates being present from all over Canada.

Some significant and important actions were taken and some clear-cut constructive—even though revolutionary in a degree—resolutions were adopted. Perhaps the most practical and commonsense statement made by any delegate at the convention was that made by J. S. Woodsworth, national leader, when he declared it would require more than "wishful thinking" to establish Socialism in Canada. That is true of all reforms, commentators were saying and one prominent citizen, not a C.C.F. supporter, said, "What we need is leaders with their heads above petty politics and their feet firmly planted on solid fact and practical progress."

A new platform for the party was adopted with the main pliers the socialization of essential industries and services. The provincial platform deals with education, the civil service, public health, defence of democracy, co-operatives, taxation and debts.

Unlike the present Alberta government and the declarations made by Premier Abernethy before he gained power at the polls, the C.C.F. recognized clearly and honestly the fact that the powers of the province are limited and that there is a large enough field where action may be taken within the constitution to help forward the establishment of a co-operative commonwealth in the dominion.

OR A HOT DOG

Customer: "What is a croquette a la Cambacres?"

Waiter: "It is really Valenciennes a la Creme, something like Tournefoss pochées a la Boulangaise with sauce rapout fin."

Customer: "Um—bring me a steak."

Bob Edwards Memorial Stone Debt to Be Paid

CALGARY.—In the dust of a Calgary monumental mason's shed stands a memorial of "Bob" Edwards, famed western philosopher and editor of the equally famous "Calgary Eye Opener," a pioneer newspaper of the plains. "Bob" died in Calgary on Nov. 14, 1922, and for 15 years the

Leadership

demands constant pioneering—discovering and developing the new and better method of doing the things we have to do.

Time was when the introduction of a new implement was a memorable and historic event, but these were the early days in the application of mechanics to farming operations. Today, changes succeed each other with greater rapidity and even the most revolutionary innovations are accepted with little acclaim.

Not in any period of the ninety years of Massey-Harris history has such skill been employed in the designing and developing of machines for the farm as there is today. The Company's engineers, in their extensive field experiments, are constantly testing new ideas and developing, under actual conditions, machines and attachments specifically suited to the requirements of the territory for which they are intended.

Thus, whether it be a one-handed walking plow to be used by a native, and even perhaps drawn by natives, on the South African veldt, a power-driven mower to cope with the luxuriant growth of grass on an English meadow, or the One-Way Disc Seeder developed to help the farmer on the prairies of Western Canada combat soil drifting, it is the result of definite scientific research by the Company's field engineers.

And in the motorized mechanization that is taking place in farming operations, Massey-Harris is in the forefront, still pioneering in bringing to farmers the latest developments in Tractors, Combines and other power equipment.

Mr. and Mrs. L. Campbell accompanied by Mrs. M. H. Halton motored to Calgary on Tuesday, where they will meet Mr. Halton, journeying to Waterton Lakes before returning to Lacombe.

Mrs. John Cross from Edmonton is the guest of Mrs. Erin McAllister at the Morrison cottage, Gull Lake, for a few days.

Mr. Laurie Chisholm from Edmonton, is visiting at the home of his parents Mr. and Mrs. D. F. Chisholm. Miss Dorothy Chisholm from the Capital city was also a week-end visitor with her parents.

Mr. and Mrs. J. H. West returned last Sunday from a holiday motor trip to Banff, Vancouver and Victoria.

Mr. and Mrs. H. E. Wilson left last Sunday by motor for a holiday to Portland, Seattle and coastal cities. They were accompanied by Mr. and Mrs. F. H. Newcombe of Red Deer.

Mr. and Mrs. W. Cameron arrived from Toronto yesterday (Wednesday) and are the guests of Mr. and Mrs. L. M. Paddison. They will return on Friday accompanied by Misses Shirley Stuart and Peggy Cameron, who have been guests at the Paddison home for the past month.

Purmak Electric Fence for horses, cattle, hogs and sheep. See this machine demonstrated in our window. Morrison and Johnston, Ltd.

Mrs. H. J. Ford and son Tom spent a few days in Calgary visiting relatives.

Mr. and Mrs. Richard Secord and son Dick, of Edmonton, returned to their home on Monday after spending several days as guests of Dr. and Mrs. F. D. Locke. Mr. and Mrs. Secord and Dick were guests of Mr. and Mrs. A. M. Campbell at their summer cottage at Gull Lake on Saturday last.

Mr. G. E. Mann accompanied by his daughter Jessie, left Saturday for a week's holiday to be spent in Banff and other Alberta points.

R. W. Clark, local manager for Safeway Stores, returned last Monday from a holiday trip to Vancouver and Victoria. B. C. Odell Sleen from Edmonton has been in charge during his absence.

Mrs. Stuart Taylor and family left Sunday for Edmonton where she will in future reside, after spending 20 years in this district.

Mrs. Alex Ellis, her sister, Mrs. E. Saltzberry, and Mr. Saltzberry returned on Friday from a motor trip to Banff, Lake Louise, Golden, B.C., and Radium Hot Springs.

Miss Marjorie Ellis is visiting in Edmonton, the guest of Miss Marion Duncan.

Mr. and Mrs. Arthur Cottrell, Mrs. Ada A. Smith, of Calgary, and Mrs. M. Purcell and family, of Duchess, Alta., are holidaying at the Villa's cottage, Gull Lake, for a week.

Mrs. Stan Mutch and daughters arrived back from Hardisty on Tuesday where they spent two weeks with Mrs. Mutch's mother, Mrs. A. McDonald.

Mrs. C. B. Halpin and son Harry from Calgary are spending a holiday at the Halpin cottage, Gull Lake.

A "trousseau" tea will be held tomorrow (Friday) at the home of Mrs. Fred Taylor, in honor of her daughter, Miss Verna Taylor, whose marriage takes place on Aug. 11. Hours for the tea will be from 3 p.m. to 5 p.m. and from 7 p.m. to 9 p.m.

Word has been received that Alex Pezman and Webb Frizell are both working at present at Pioneer, B.C. The two left Lacombe around July 1 and have secured jobs in the mine at that point.

Harry Southward, of the R.C.A. F. of Vancouver spent the week end in Lacombe, the guest of Mr. and Mrs. E. L. Berrey.

Mr. and Mrs. R. B. Gale of Calgary and Mrs. G. Serrill and Miss Molly Serrill of England were visitors at the United Church mass last Sunday.

Rev. R. B. Layton, Mrs. Layton and daughter Elizabeth arrived from Medicine Hat last Monday and have taken up residence at their summer cottage at Meridian Beach, Gull Lake, where they will spend a month's vacation.

Mrs. Philip Neils of the Mirror district is visiting with her daughter, Mrs. L. P. Minkler and Mr. Minkler at Gull Lake for a short time.

Miss Nellie Follis arrived from Montreal on Wednesday and is the guest of Mr. and Mrs. W. N. Morrison.

Mrs. A. McDonald from Hardisty is visiting at the home of Mr. and Mrs. Stan Mutch.

NEW ARRIVALS

Born at the Lacombe and District Community Hospital:
To Mr. and Mrs. Calvin Holt, Lacombe, a daughter on July 31.
To Mr. and Mrs. A. Hoveland, Ponoka, a daughter on August 2.

Blackfalds

(From Our Own Correspondent)

BLACKFALDS.—A wedding of great interest to the district west of Blackfalds was solemnized last Wednesday at the home of Mr. and Mrs. Fred Miller, when their daughter Ruth Elizabeth was married to Mr. Arthur Wigmore, only son of Mr. and Mrs. E. A. Wigmore. After returning from their honeymoon they will make their home on the Wigmore farm, where Arthur has built a home of his own. A full report of the wedding appears below.

Miss Edith Moss returned on Sunday to Keith Sanitarium, Calgary, where she will continue her duties, after spending a three-week holiday with her mother in the village.

Mrs. Powell of Texas is here on a two-week visit with her father-in-law, Mr. Powell.

Dorothy Miller is home again after a trip to Edmonton.

At a meeting of the local school board last week, it was decided to appoint Mr. Stoffer of Didsbury to the vacancy on the school staff caused by the resignation of Miss Smith. Mr. Stoffer is a married man, and will have difficulty in finding suitable residential quarters in the village. He comes to us highly recommended and we hope he will have good success here.

The mention of the need for rain in this paper seems to bring it to us, for light showers fell here last Friday and Saturday, and again a heavier rain in the early hours of Tuesday morning.

The recent hot weather has ripened the grain considerably, and farmers are expected to be with their binders shortly. Last week, Bert McAllister cut some rye, and several farmers in the district have put up some good stacks of hay. The Searle Grain Co.'s report, released recently, shows our rainfall to be much below the annual average.

Mr. and Mrs. Cyril Ironside were not allowed to remain comfortably settled in their home for long before a charivari was arranged by a few of their friends last week when all attending had an enjoyable time.

The W.W. Ladies Club is due to meet on Thursday of this week at the home of Mrs. P. McLeann. Concert and Dance by Banjo Daddy and Co. at Blackfalds Hall on Friday, August 5. Don't miss this. A treat for old and young. Admission, Adults 35c, children 15c.

Weddings

WIGMORE-MILLER

Uniting two pioneer families of the Blackfalds district, a wedding of particular interest to people of the Blindman and Asphend districts was solemnized at the home of the bride's parents on July 27 at 3 p.m., when Ruth Elizabeth, youngest daughter of Mr. and Mrs. Fred H. Miller became the bride of Arthur Edward, son of Mr. and Mrs. E. A. Wigmore. Rev. C. D. Powell of Cadomin officiated.

The bride, given in marriage by her father, entered the room to the strains of a wedding march played by Mrs. E. Wigmore, mother of the groom. The ceremony was performed under an arch of gypsophila and varicolored flowers daintily arranged in one corner of the room.

The bride was charmingly gowned in a floor length white satin dress made on princess lines with slight entail. A coronet of pleated tulle and orange blossoms held her long veil in place, and she carried pink and red roses.

Miss Ella Miller, niece of the bride chose a gown of pink crepe, and carried red and white carnations.

The groom was attended by Mr. Leonard Hunt, nephew of the bride, who ring bearer.

Kathleen Miller, Eileen Miller and Allan Dane were flower children. The little girls looked dainty in their dresses of yellow organza and wore a bow of yellow ribbon in their hair.

During the signing of the register, Mrs. C. B. Fackler sang "Love You True". Mrs. Fred H. Miller, mother of the bride, wore a gown of white and wine flecked crepe with a corsage of pink rose buds, and was assisted in receiving the guests by Mrs. Kenneth L. Dane, sister of the bride. Mrs. Dane wore a green flowered-georgette dress with a corsage of white gardenias.

Mrs. E. A. Wigmore, mother of the groom chose a gown of brown crepe with green trimmings. She wore a corsage of flowers matching her dress.

A buffet lunch was served to sixty friends and relatives, after which the bridal party left for a motor trip to Calgary, Banff and other points. For travelling the

Milton

(From Our Own Correspondent)

MILTON.—Congratulations of the people of this district are extended to Mr. and Mrs. Jerry Leach on the birth of a son, Jerry, who was born on the 2nd inst. at 11:30 a.m. The father is a well-known local contractor.

Lester Knipe is visiting with his grandmother, Mrs. Park of Innisfail.

The July meeting of the Good Cheer Community Club met at the home of Mrs. W. Ochs with a good attendance. Plans were made for a picnic on Sunday at Gull Lake for the members and their families. Two new members, Mrs. Dawson and Mrs. Winslow, joined our club. A dainty lunch was served at the close of the meeting.

Mr. and Mrs. Manley and Mrs. Vickerson were guests of Mr. and Mrs. Dawson recently.

Miss Margaret McLean of Calgary will be our new teacher at Milton School.

We notice that Knipe's house is getting a new coat of paint. It looks very nice.

Several families from this district attended the Good Cheer Club's picnic on Sunday, where sixty-five sat down to dinner. Ice cream and cake was served in the afternoon.

Mr. and Mrs. Norish, Mrs. L.

Sunny Crest Specs

By SPY

SUNNY CREST.—Cutting will soon be in full swing. We see Cecil Taylor is cutting his barley. We have had the much needed rainfall and are lucky we have had no hail damage.

Another barn being built is on O. Walker's place. Painting has started on it.

Karl Kamah will be home soon. He has made excellent headway since his operation.

Mrs. B. F. Barry's guests, Mrs. Hickey and the Misses Lockhart returned to California last Monday.

Berry picking has started. Raspberries and Saskatoons are plentiful.

Lester Barr intends to build on the "Stead" farm. Digging of the cellar has started.

Taylor, Elsie and Billy accompanied Mary Norish to Edmonton on Monday. Mary will journey to Grande Prairie for two weeks' vacation.

Bill McKibbin was a visitor to Edmonton recently.

Mr. and Mrs. John Rathje and family have returned from a two weeks' motor trip to Kelowna, B.C., going the all-Canadian way and returning via Spokane and Maceled.

Clive

(From Our Own Correspondent)

CLIVE.—Mrs. H. M. Haley motored to Red Deer on Monday. Mrs. E. W. Grose and daughters Vera and Mercia and little son Morley accompanied by Norma Longstreet are spending the week at Gull Lake.

Pete Tyler has moved back into his house on town after working on the farm of Dr. Black for about two years.

T. H. Rodney has just unloaded a carload of John Deere binders which are all sold, along with three others brought in previously by local freight.

Harvest in this district has started. W. R. Johnson and Harry Madrum are cutting rye and L. Wagner will be cutting wheat in a day or two.

Geo. Reid has moved from the Tyler house to the Wilson house formerly occupied by Les Pears.

Mr. and Mrs. Victor Winter are occupying the Misner cottage at Gull Lake, where they will holiday for two months.

Successful Clive candidates in the June Toronto Conservatory of Music Exams not mentioned in previous items were: Maxine Westling, age eleven, who passed Grade V, piano practical and Frances Reynolds, age thirteen, passed Grade VIII, piano practical also the required theory II, entitling her to grade VIII, certificate.

Mr. and Mrs. John Rathje and family have returned from a two weeks' motor trip to Kelowna, B.C., going the all-Canadian way and returning via Spokane and Maceled.

Teas Tattle Tales

By TATTTLER

TEES.—Nebraska and Tees new stand one still in league play-downs; Nebraska taking the first game 7-0 last Thursday and Tees the second game 10-0 on Sunday at Nebraska. Both games were good baseball with the exception of one bad inning in the first game. The winner of the next game to be played shortly will then have to meet the league leaders at Sargent for the best two out of three to decide the championship of the Muskeg League.

Mr. and Mrs. Tom Cunningham and daughter Elsie are spending their holidays in the mountains. While Tom is away, the repair men are installing a new 15 ton scale in the Pool elevator for him to play with when he returns.

J. F. Wuest, lately of Okotoks, has taken over the old Red and White Store from W. A. Holsworth and has been busy the past week straightening out the stock and rearranging the store to his liking. Mr. Holsworth will continue on in the neighborhood until fall when he will return to his farm west of Benalto.

Cyril Colebrook is still suffering a little from his recent tonsil operation, at least he can now mutter a few words.

Mr. and Mrs. Frank Knight returned from their vacation in Ontario, having spent a very enjoyable month away from the soil.

Frank Clark, our genial village blacksmith spent a short holiday up in the mountains and Southern B.C. during the past week.

Farmers are busy these days, some are completing haying operations while others are busy repairing machinery in readiness for harvest.

All Made Clear

The English maid was talking about her various relatives. "Yes, mum," she said, "my sister and me ain't no more alike than if we wasn't us; and she's just as different as me, only the other way!"

Mr. and Mrs. J. P. Webster and family have returned from their holidays at Vancouver, B.C.

Mr. Joe Carrier returned this week from his holiday spent touring California.

Mrs. J. Kerr is spending a few days in Edmonton.

Mr. and Mrs. J. Naylor, Frank and Glenn left Sunday morning for Flaxcombe, Sask., where they will visit Mr. and Mrs. P. Eberly.

Mrs. Littleton of Grande Prairie is visiting her mother, Mrs. J. Cobb.

Mrs. E. Eyestone and Mary spent Sunday at Calgary.

House in the west, from Calgary and from near Lethbridge in the south.

F. H. Reed, superintendent of the Experimental Farm, extended a hearty welcome to the Association and invited them to partake of the coffee which would be provided on the picnic grounds.

Mr. and Mrs. J. P. Webster and family have returned from their holidays at Vancouver, B.C.

Mr. Joe Carrier returned this week from his holiday spent touring California.

Mrs. J. Kerr is spending a few days in Edmonton.

Mr. and Mrs. J. Naylor, Frank and Glenn left Sunday morning for Flaxcombe, Sask., where they will visit Mr. and Mrs. P. Eberly.

Mrs. Littleton of Grande Prairie is visiting her mother, Mrs. J. Cobb.

Mrs. E. Eyestone and Mary spent Sunday at Calgary.

House in the west, from Calgary and from near Lethbridge in the south.

F. H. Reed, superintendent of the Experimental Farm, extended a hearty welcome to the Association and invited them to partake of the coffee which would be provided on the picnic grounds.

Mr. and Mrs. J. P. Webster and family have returned from their holidays at Vancouver, B.C.

Lincoln

(From Our Own Correspondent)

LINCOLN.—Mrs. Charlie Carter has been visiting her daughter in Cumrore the last week.

A hail storm struck our district last Sunday night doing some damage to grain and gardens.

Mrs. Hazel Wells from Los Angeles, Cal. is visiting her father, Mr. Saunders, and other relatives in the neighborhood.

In honor of Mrs. Alvin Dool (nee Laura Fields of Edmonton), whose marriage to Mr. Alvin Dool took place July 21, a miscellaneous shower was held by her friends at the home of Mrs. Will Dool on Wednesday last. A large number of useful presents were received by the bride for which she expressed her many thanks to all.

Mr. and Mrs. H. R. Dool, accompanied by Mr. and Mrs. Ab Saunders and Mrs. Lee Smith attended the funeral of Mr. Robt. McCory of Edmonton last Saturday, returning home Sunday.

Mr. and Mrs. Gordon Gilbert of Delburne are visiting with the latter's parents, Mr. and Mrs. Ab Saunders.

Miss Doris Bradley is spending her holidays with her sister, Mrs. Archie Stout of Bluffton.

Th California palm saves its old leaves from year to year and drops them over its trunk as a protective covering.

relatives in the neighborhood.

Lakeside

(From Our Own Correspondent)

Donald Peterson and Malcolm Bauer were among those who attended the tenth clinic last week. The Lakeside Recreation Society is sponsoring a dance in the Lakeside School on Tuesday, August 9, in aid of the School Fair. The proceeds will be donated to the fair. Ladies please bring cakes.

Mrs. Aspol from Dawson Creek, B.C., who is visiting in the district, and her sister, Mrs. Pete Boys, have just returned from a few days visit to Coronation and Talbot.

Farmers have just been finished cutting one of the biggest hay crops in this district in years. The extent of the yield is varied but a very satisfactory return on hay has been received by farmers all through the district.

LOOK at the RECORD OF CASE THRESHERS AND COMBINES

"My Case thresher has threshed every year since 1904, and if it continues as it has in the past, it will do me for the rest of my farming days," writes W. L. Burnham of Saskatchewan. "I have found it very light running, easy to operate, and it always did a good clean job."

Ever since 1842 Case threshers have been famous for simplicity, easy operation, clean work, light running, long life and low upkeep. Case combines have the same sturdy quality, many of the same features, and similar records of superiority. No wonder there are so many Case threshers and combines in use throughout the dominion. Don't take chances of delays or wasted grain with an old, worn thresher or an ordinary combine. Go to your Case dealer now and see how much time, money, and power you can save with a modern Case machine. Whether you prefer a thresher or a combine, Case gives you a close-combing all-steel cylinder and concaves... non-clogging steel-fingergrates... steel-grid straw rack... air-lift cleaning... simpler adjustments for all crops and conditions.

IT COSTS LESS TO FARM WITH CASE

Baptist Assembly at MacLaurin Beach Ends

MACLAURIN BEACH.—Dr. Gordon Jones of Hamilton, Ont., gave the closing address of the Baptist Assembly here on Friday evening. He spoke of a trip through Palestine, illustrated by colored stereoscopic slides. The annual convention of the Baptist Young People's Societies of Alberta opened Saturday morning.

During the past week Rev. C. S. Burnett gave a rousing address entitled "Well Re-opened by the Reformers of the 18th Century." He was followed next evening by an address on "William Tindal and the English Bible," given by Rev. Charles G. Stone of Edmonton, in his last style. Rev. J. A. MacRae of the district, and her sister, Mrs. Pete Boys, have just returned from a few days visit to Coronation and Talbot.

Lavoy Baptist Young People's Society won the banner for the highest attainment during the year just closed. This was presented at the close of the B.Y.P. Convention held here Saturday and Sunday, July 30 to 31. The North cup was won by the Crescent Heights Society, Calgary, and the banner for proficiency in sword drill was won by Miss Dorothy Leighton, of Hillhurst, Calgary. John Beals, Prophetic Bible Institute was runner up in this contest.

ACCORDING TO HIS STATION

Mrs. Berkowitz looked down at her eight-year-old with a disgruntled look. "Trow me down a hunka bread 'n' butter!" she sneered viciously. "Nice language you're using! Why can't you talk like Freddie Bartholomew?"

"Don't be silly, Mom," he rasped. "If I was Freddie Bartholomew, I would be satisfied with a hunka bread 'n' butter!"

Joe Welch of Red Deer Wins Championship Flight At Local Golf Tournament

Joe Welch, of Red Deer, walked away with high honors in Lacombe's ninth annual two-day golf tournament held last Wednesday and Thursday. He defeated George Wood of Stettler in the finals of the championship flight by putting a superb shot into the hole. He also defeated Jack Corbett of Lacombe in the consolation flight. Welch's score was 104 in the championship flight and 110 in the consolation flight. He was the only player to break 100 in the championship flight.

In the first flight, Herb Henderson, of Lacombe, played handicap golf to down E. H. McCaugherty, also of Lacombe, in the first flight finals. First flight consolation finals were won by F. Berke of Calgary. Complete results of the second day's play follows:

CHAMPIONSHIP FLIGHT

Second Round—I. O. Irish defeated E. Sturrock; J. Welch defeated H. S. Trame; R. Lee defeated C. L. Willis; G. Wood defeated M. Stewart.

Semi-Final—J. Welch defeated I. O. Irish; G. Wood defeated R. Lee.

Final—J. Welch, Red Deer, defeated G. Wood, Stettler.

Championship Flight, Consolation—H. U. Johnstone defeated H. Teare; J. H. Weir defeated E. Freeman; J. Corbett defeated H. Sutton; R. Willis defeated N. Graburn.

Semi-Finals—H. U. Johnstone defeated J. H. Weir; J. Corbett defeated R. Willis.

Finals—H. U. Johnstone, Camrose, defeated Jack Corbett of Lacombe.

First Flight

H. Henderson defeated Dr. Husband; Bob Sutton defeated G. Hailes; E. H. McCaugherty defeated R. Hinton; Dr. R. R. McLean defeated F. Nash.

Semi-Finals—H. Henderson defeated Bob Sutton; E. H. McCaugherty defeated Dr. R. R. McLean.

Finals—H. Henderson of Lacombe defeated E. H. McCaugherty of Lacombe.

First Flight Consolation—F. Berke defeated W. Sturrock; N. E. Pound defeated W. Sharplin; G. R. Barker defeated J. Morrison; H. Hill defeated C. Arneson.

Semi-Finals—F. Berke defeated N. E. Pound; G. R. Barker defeated H. Hill.

Finals—F. Berke, Calgary, defeated G. R. Barker, Gull Lake.

Second Flight

N. Murgatroyd defeated G. Brown; R. Tetley defeated H. E. Riley; J. Miller defeated D. Milne; D. F. Chisholm defeated V. R. Hill.

Semi-Finals—Tetley defeated Murgatroyd; Miller defeated Chisholm.

Finals—J. Miller, Lacombe, defeated R. Tetley, Red Deer.

Second Flight Consolation—R. F. Sutton defeated D. W. Robertson; Dan MacDonald defeated F. D. Vickerson; T. Anderson defeated A. W. Thoroughman; P. Danner defeated W. J. Botterell.

Semi-Finals—MacDonald, Lacombe, defeated Sutton; Danner, Lacombe, defeated Anderson.

Finals—P. Danner, Lacombe, defeated D. MacDonald, Lacombe.

Third Flight

D. B. Lake defeated H. Miller; A. R. T. Anderson defeated G. A. Bailey; N. J. Morris defeated A. M. Milne; K. Blaney defeated P. Lee.

Semi-Finals—Anderson defeated Lake; Miller defeated Morris.

Finals—K. Blaney, Stettler, defeated A. R. T. Anderson, Drumheller.

Third Flight Consolation—A. M. Baple defeated J. W. Morris; C. E. Hooper defeated A. Stewart; T. B. LeBeau defeated W. Thorpe; C. D. Marble defeated G. Abousaff.

Semi-Finals—Baple defeated Hooper; Marble defeated LeBeau.

Finals—A. M. Baple, Erskine, defeated C. D. Marble, Lacombe.

Fourth Flight

J. Carle defeated F. G. Robinson; D. Hill defeated G. Decker.

Third Round—Hill defeated Carle; J. McCaugherty defeated J. Hembury; Dave McDonald defeated Dr. Halpin; Oke defeated Brickman.

Semi-Finals—Hill defeated Oke; McCaugherty defeated McDonald.

Finals—R. Hill, Innisfail, defeated Jack McCaugherty, Lacombe.

Fourth Flight Consolation—R. Nelles defeated F. G. Robinson; D. McCormick defeated F. W. Thurgate; R. Lawrence defeated A. Murgatroyd; S. Fraser defeated Harry Hunter; G. Decker defeated H. H. Bodie; Nelles defeated McCormick.

Semi-Finals—Nelles defeated Lawrence; Fraser defeated Decker.

Finals—R. H. Nelles, Lacombe, defeated S. Fraser, Lacombe.

Gull Lake

(From Our Own Correspondent)

GULL LAKE.—Good crops are beginning to mature nicely and a heavy crop of hay is nearly all gathered in.

A severe electrical storm swept in from the west last Saturday. Lightning struck the Gull Lake school yard. The target was a bird house, occupied by purple martins, built and owned by Willie Ebeling. As it was the model of a hip-roofed barn and nicely painted perhaps old Dame Nature just made a slight mistake. Only one and a half hours before the storm, agents for lightning rods, who were inspecting the school equipment, jokingly recommended rods for the birdhouses. (There are close to thirty families of birds in the school yard.)

Guy Trimble held a very successful sale Monday, July 25. The family is moving to Vancouver where Guy has purchased a bakery business.

The Searchlight Club held its July meeting at the home of Mrs. Geo. Leiske. Mrs. Guy Trimble who is leaving shortly for E.C. was presented with a purse and photograph album. Mrs. Nathan of Calgary also attended.

Mr. and Mrs. Ed. Hansen and family returned last week from a motor trip to South Dakota.

Mr. and Mrs. H. Hansen and family returned last Thursday from a trip to Washington.

Mr. and Mrs. Ecco Moore, Donna, Mildred and Nedra have returned from a motor trip to Portland.

Miss Mary Ecklund is visiting at the coast with relatives on Vancouver Island.

Sam Leiske purchased a registered Jersey cow from Mr. Christie of Wetaakwin. Bob Gibson, another neighbor, has sixteen head of Jerseys.

On the evening of July 20 a crowd assembled at the home of Guy Trimble to say "good-bye." The popular couple were the recipients of a beautiful mantle clock, a gift from friends in the districts nearby.

Mr. and Mrs. W. Surratt motored to Arrowwood recently to visit with friends. Miss Fern Surratt remained there to attend camp.

On July 20 the Leiske families held a reunion and picnic at Sylvan Lake. The principal guests were Dr. Sam Leiske, Mrs. Leiske, Lloyd and Edna of Lodi, California. Fifty Leiskes were present.

Mr. Ed. Miller and family were also guests. Lunch was served at noon, and games were indulged in.

On July 31 the "Good Cheer Ladies' Club" of Morningside entertained friends and relatives at Ebeling's beach. About sixty-five sat down to dinner. Ball games and free ice cream were the order of the day.

The Spruceville band assisted at the Modern Woodmen's Picnic held at Ebeling's beach recently. Sunday evening Eckville played a pickup team from Lacombe at Brewer's Beach. Eckville won 5-4 in a hot contest.

William Brown recently caught a large Jackfish about 2½ feet long. Last Sunday about fifteen beauties were hauled in some being over 10 pounds.

The Oddfellows Annual Picnic for Central Alberta will be held at Brewer's Beach on Aug. 10. They have a good program arranged.

The Bentley Social Credit group are having a picnic Aug. 4 at Brewer's Beach.

Mr. Brewer is devoting his time to improving his property for the holiday.

The Merry Maidens' (girls') Club is holding its annual camp at Brewer's Beach for three days of this week.

Softball games last week resulted as follows: Gull Lake girls beat Iowalla girls 10-9, Iowalla boys won from Spruceville boys 15-4 and Lincoln beat Spring Valley 18-12.

Next Sunday games will be played between Bismark and Gull Lake Girls, and Spruceville boys will play Bismark boys.

Over 50 attended the dance in Fernie's Hall last Wednesday night.

A return game was played at Iowalla last Monday night between the Iowalla and Gull Lake girls softball teams resulting in a win for Gull Lake by a score of 26 to 9.

Sixty Boys at Field Day

(Continued from page 1)

the Barley clubs. In accepting membership, the boys therefore also accepted an obligation to do their best work.

Making Faster Strides

"Australia, Argentine and Russia are making faster strides toward improving the quality of their grain than Canada," said Mr. Buckingham, and he urged the boys to accept the responsibility of building up the quality of their grain locally. Although an increased number of applications are received by the Dominion Seed Branch for registration of seed grain, which might narrow the market for good seed, yet he believed the boys would find market for their grain in their own districts. He advocated that the boys send samples of their grain to the Toronto and Chicago fairs.

A motor trip to interesting points about the farm was taken, with special interest given to inspection of the crop plots. Garnet, Renown, Marquis, Red Bob, Thatcher, Apex and Coronation wheat varieties are under test, and an experiment in perennial wheat was an outstanding feature. This is a cross of wheat and grass intended to produce a large forage crop, the seed of which is large enough to be easily sown with a drill. G. E. DeLong, assistant superintendent of Cereal Crops, conducted the boys on this tour of inspection and explained the experiments with variety tests, variety identification, and farmers' plots.

Coffee was served to the gathering at the conclusion of the program.

HEALTHY CHILDREN

are **Happy** CHILDREN

Children of all ages thrive on "CROWN BRAND" CORN SYRUP. They never tire of its delicious flavor and it really is so good for them—so give the children plenty of "CROWN BRAND" every day.

Leading physicians pronounce "CROWN BRAND" CORN SYRUP a most satisfactory carbohydrate to use as a milk modifier in the feeding of tiny infants and as an energy producing food for growing children.

The triplet daughters of Mr. and Mrs. Charles Case of Vancouver have been fed "CROWN BRAND" CORN SYRUP regularly. Now, having passed their first year, Sylvia, Sheila and Shirley are robust, healthy and happy children—and "CROWN BRAND" is given a large share of the credit... Their proud and happy mother writes—

"I am glad to tell you how much I appreciate your wonderful "CROWN BRAND" CORN SYRUP. I heartily recommend this syrup to all mothers of young children."

Mrs. Charles Case, Vancouver

Famous athletes in all branches of sport, coaches and trainers of great athletic clubs, recommend "CROWN BRAND" CORN SYRUP as a delicious way to renew the energy expended in strenuous games. Your boys and girls need it too.

Weddings

(Continued from page 5)

bride wore a sand tailored suit with accessories to match. On their return they will reside on the groom's farm in the Asplund district.

FRIZZELL-NORISH

Mr. and Mrs. Thomas Norish of Lacombe wish to announce the marriage of their eldest daughter, Mary Eleanor, to Thomas Harold Frizzell of Grande Prairie, son of Mrs. A. Frizzell and the late Mr. A. Frizzell, on Wednesday, August 3, at Grande Prairie.

PILLMAN-DAVIES

On Wednesday, August 3, the home of Mr. and Mrs. Allan Davies provided the setting for one of Lacombe's interesting weddings, when their eldest daughter, Caroline Margaret, was united in marriage to Lee Leslie Pillman, only son of Mr. and Mrs. S. Pillman, old residents of Lacombe.

Rev. A. L. Carr performed the ceremony at three o'clock, assisted by Rev. B. B. Layton of Medicine Hat, in the presence of the immediate families and intimate friends of the young couple.

For the wedding service a background of ferns and baskets of flowers was arranged in the living room, the bridal couple standing under a canopy of white streamers with a white wedding veil in the centre. White silk net fashioned over a full skirt of tulle was chosen by the bride for her floor length gown. A fitted bodice and a net bolero banded with lace were details of the costume. Her only veil was of gold brooch which had been worn by her grandmother. She wore a bandeau of seed pearls and orange blossoms and carried a bouquet of pink and mauve sweet peas.

The bridesmaid, Miss Marian Davies, sister of the bride, was frocked in ice blue embroidered net over tulle with full skirt, fitted bodice and bolero. Her bouquet was of pink and white sweet peas.

Mr. Ryerson Christie of Bruderheim, cousin of the groom, was the best man.

For her daughter's wedding, Mrs. Davies wore a smart blue figured sheer with a corsage of pink roses.

Mrs. Pillman, mother of the groom, was gowned in navy blue serge and her corsage was Ophelia roses.

The flower girl, little Barbara MacDonald, was charming in a chic frock of blue tulle.

Miss Odessa Christie, cousin of the groom, played the wedding march, and during the signing of the registers, Mr. John MacDonald sang "O Promise Me." She was accompanied at the piano by Mrs. G. Frazier. Following the ceremony a wedding luncheon was served at the home of the groom's parents. The occasion was also the birthday of the groom's father.

Baskets of snap dragon, roses and other flowers made the rooms fragrant and attractive. Centering the bride's table in a nest of white, mauve and pink was a handsomely decorated three-tier wedding cake made by the bride's aunt, Mrs. W. P. Pilkie of Vermilion. Sweet peas and pink candles added to the pleasing effect of the table.

Rev. Carr proposed a toast to the bride and Rev. Layton to the groom to which the groom responded. Mr. Ryerson Christie gave a toast to the bridesmaid. Mr. W. P. Pilkie and Mr. John MacDonald extended congratulations to Mr. Pillman and good wishes to the bridal couple. Mr. and Mrs. L. L. Pillman left by motor after lunch for a short honeymoon trip, the bride travelling in a sand shawl suit with white accessories.

Out-of-town guests attending the wedding were Mr. and Mrs. W. P. Pilkie, Vermilion, Mr. and Mrs. J. Bremner, Miss Elizabeth Layton, Mr. Allen Soper, Mrs. A. Winans, Mr. and Mrs. J. L. MacDonald, Mr. and Mrs. R. B. Layton of Medicine Hat, Mr. and Mrs. R. B. Christie, Mrs. M. G. Christie, Miss Odessa Christie of Bruderheim and Mrs. G. Frazier of New York.

The many beautiful and costly gifts which were received showed the popularity of the young couple.

Britain Recruiting Engineers in U. S.?

LONDON—Sir Samuel Hoare, Home Secretary, said Britain was giving "special consideration" to applications for repatriation of skilled engineers who migrated to the United States in post-war years.

He was replying in the House of Commons to Ellis Smith, Laborite, who said numerous such artisans went to the United States between 1920 and 1930 and took out naturalization papers. Britain now needs skilled engineers in rearmament work.

Spruceville

(From Our Own Correspondent)

SPRUCVILLE—Mr. and Mrs. Barnes and their visitors from the States left Tuesday for Banff and points in B.C.

Mr. and Mrs. W. E. Heath were Edmonton visitors last Thursday. Mrs. Benson (nee Irma Gottschlich), of Hanna, is spending a holiday at her parents' home.

Mrs. Hugo Gottschlich and Mrs. Laura Young left Monday for Olds to attend the farm women's week being held at the Agricultural College at that point.

Mrs. Will Barker entered the Lacombe Hospital Tuesday morning to undergo an operation for appendicitis.

Miss Jean Saunders and Miss Molly Heath left Saturday to spend a week at the U.F.A. C.C. Y.M. camp now being held at Sylvan Lake.

Miss Dorothy Rice returned Tuesday from a prolonged trip through Washington and Oregon. She returned by bus. Her sister Phyllis, driving her car, being accompanied by Mrs. Mitchell, Joyce Mitchell and Mrs. Nyland of Los Angeles, California, left Spokane Tuesday for Lacombe.

PRAISES OLDS AGRICULTURAL SCHOOL

Morris Shaw of Central school and Marian Gee of Sunnyside school, two young students of this district who won scholarships to the short course at the Olds Agricultural School, returned over last week-end full of praises for the wonderful time that was given them. The scholarship is given to the students obtaining the highest number of points at the annual school fair.

Never esteem anything as of advantage to thee that shall make thee break thy word or lose thy self-respect.
